

This is a theater of the mind and an example, not an accusation or anything else. The backstory is easy; there are groups of people that use the terms “deep state”, “corporate oligarchs”, and “illuminati”. I suggest all 3 are terms for the same group of people and that this could be deemed as their agenda. I only suggest this because of this example. This methodology is called total war. As an example of that concept, I go over the document, not the context.

Also, the context can instill a bias in the reading. Some things are designed to be of a vast scope, as to keep eyes off the whole enterprise. Someone can exploit that, holistically. The example is of neurolinguistic warfare; how to use terminology and systems management against someone. The particulars of the example are used because many of them are true and outside your window on display. Therefore, those things could have happened by inept humans or the supposed creators of this document. Therefore, best know what the problem looks like, never mind who might exploit it. Fix the dumb, the sinister go with it.

THE SECRET COVENANT – Original post at <https://www.ureka.org/pages/view/10919>

The purpose of this document is to demonstrate a concept, total war. The battlespace is in your head and your actions, only your actions, will be used to determine if the attack worked. This allows 4 vectors into your head to influence your actions:

Ignorance – root of all causes

Delusion – Ideology

Hallucination – Pineal gland attack, trauma, any biological misperception

Deception – Any and all options used against you intentionally

To show this:

-Carl von Clausewitz in the red letters; **demonstration of total war concept**

This document is designed to give up and lay bare a sinister plot. However, there are 2 part to that; the admission of the worst of the acts, by articulating the plot to do harm to strangers on scale, and the hiding of the least, the instilling of belief as a fraud facet and then exploitation of that facet by instilling hope of life after death at the nominal cost of mercy.

-Non-red is von Clausewitz continued

The document is assessed as a work of deception; one could call it a spell or a neurolinguistic maze. There will be obvious contradictions that are inherent to the presentation; there are some claims that require pure belief to comprehend. This is done for one reason: procure mercy at any expense.

-Analyst comments in black

1) An illusion it will be, so large, so vast it will escape their perception. Everyone in the county, not country. Everyone in the country, not planet. Internet, planet checkmated. This document may have been made to recycle the concepts away, again.

2) Those who will see it will be thought of as insane. Perceptive manipulation is the goal.

3) We will create separate fronts to prevent them from seeing the connection between us. We will behave as if we are not connected to keep the illusion alive. Those who do not understand complex order will not perceive, for they are the intended victims. Those who do are addressed in #2; someone made cuckoo clocks hundreds of years ago. Complexity is not new. Faux rivalry, like the 2 party system. Illusions are faux living, as they are not alive but function in that way.

4) Our goal will be accomplished one drop at a time so as to never bring suspicion upon ourselves. This will also prevent them from seeing the changes as they occur. Time disintermediation as a tactic in conjunction with abuse of the complexity mechanic discussed in #3.

5) We will always stand above the relative field of their experience for we know the secrets of the absolute. Sciences.

6) We will work together always and will remain bound by blood and secrecy. Death will come to he who speaks. All the way, total war; no quarter for anyone, really.

7) We will keep their lifespan short and their minds weak while pretending to do the opposite. We will use our knowledge of science and technology in subtle ways so they will never see what is happening. We will use soft metals, aging accelerators and sedatives in food and water, also in the air. They will be blanketed by poisons everywhere they turn. While this sound as if it spoken while hissing, it's just a description of total war applied to the full spectrum of options.

8) The soft metals will cause them to lose their minds. We will promise to find a cure from our many fronts, yet we will feed them more poison. The poisons will be absorbed through their skin and mouths, they will destroy their minds and reproductive systems. From all this, their children will be born dead, and we will conceal this information. This is propaganda with science; you've seen it around.

9) The poisons will be hidden in everything that surrounds them, in what they drink, eat, breathe and wear. We must be ingenious in dispensing the poisons for they can see far. We will teach them that the poisons are good, with fun images and musical tones. Images and tones are conjured by this document, this is also applied to visual and auditory stimulation.

10) Those they look up to will help. We will enlist them to push our poisons. Sponsorship isn't really a universal weapon but can be used as such.

11) They will see our products being used in film and will grow accustomed to them and will never know their true effect. When they give birth we will inject poisons into the blood of their children and

convince them it's for their help. We will start early on, when their minds are young, we will target their children with what children love most, sweet things. Again, sinister in a real way but the over-the-top portion comes right from #1, the grand illusion.

12) When their teeth decay we will fill them with metals that will kill their mind and steal their future. When their ability to learn has been affected, we will create medicine that will make them sicker and cause other diseases for which we will create yet more medicine. We will render them docile and weak before us by our power. They will grow depressed, slow and obese, and when they come to us for help, we will give them more poison. Physiology seems to be one of the sciences that is explicitly exploited in every way to every extent. This may be because the results but the information seems to be hidden, rather than unknown. The phrase "steal their future" can be interpreted as "Reduce the vision of their pineal gland". This would be a physiological draw back undiscussed in western medicine but being discussed in cannabis and DMT circles.

13) We will focus their attention toward money and material goods so they many never connect with their inner self. We will distract them with fornication, external pleasures and games... This can be done on your own. Let's only attribute the overtly malicious methods to the intent and, for sake of cleanliness, focus on non-self-inflicted methods.

14) so they may never be one with the oneness of it all. This claim requires belief. It appears as a teaser to continually elude to a known, post-death outcome.

15) Their minds will belong to us and they will do as we say. If they refuse, we shall find ways to implement mind-altering technology into their lives. The word technology implies a more recent dialect, maybe. Also assumes it exists, which requires belief. Again, eludes to this document being a weapon more than a confession.

16) We will use fear as our weapon. We will establish their governments and establish opposites within. We will own both sides. We will always hide our objective but carry out our plan. They will perform the labor for us and we shall prosper from their toil. Recent creation of this document would make this easy to look up; intended to appear as prophecy.

17) Our families will never mix with theirs. Our blood must be pure always, for it is the way. The level of physiological knowledge displayed in the document, poisons, was available long ago; pure blood humans doesn't work out well and requires belief. This looks like a lie to cover an error made when the sophistication of the knowledge was inept. The kind of notion someone who understands all the systems of the late 18th century had to offer and then would look down on someone else as inferior. "It is the way" is not relevant to genetic diversity in a population. Inbreds looking to get laid.

18) We will make them kill each other when it suits us. We will keep them separated from the oneness by dogma and religion. We will control all aspects of their lives and tell them what to think and how. We will guide them kindly and gently letting them think they are guiding themselves. The illusion, continued. This implies control over organizational matrices, demonstrating how not why.

19) We will foment animosity between them through our factions. When a light shall shine among them, we shall extinguish it by ridicule, or death, whichever suits us best. Never let a tragedy go to waste, especially predictable ones.

20) **We will make them rip each other's hearts apart and kill their own children.** May be a Mayan reference; all of the later term abortions would qualify here. The human tissue industry is evidence of it, including Falun Gong being live organ harvested.

21) **We will accomplish this by using hate as our ally, anger as our friend. The hate will blind them totally, and never shall they see that from their conflicts we emerge as their rulers.** Mixed bag of verbiage but the 2 party system leave the last part red enough for government work.

22) **They will be busy killing each other. They will bathe in their own blood and kill their neighbors for as long as we see fit.** Well, the blood bathing seems to have died down but the mental frenzy sure isn't.

23) **We will benefit greatly from this, for they will not see us, for they cannot see us.** If they see us, it doesn't matter; we're dead.

24) **We will continue to prosper from their wars and their deaths. We shall repeat this over and over until our ultimate goal is accomplished.** Amateur hour; there's less productivity in a war time environment. Whatever champagne fountain this plan should be providing functions better with downtime. However, if you manage to get all of the negative side effects of life out with cash, the machine can burn hot as long as it burns and as per #23, all in is the only game.

25) **We will continue to make them live in fear and anger though images and sounds. We will use all the tools we have to accomplish this. The tools will be provided by their labor.** Paradoxically correct; images and sounds in propaganda and in this document; all the tools, even this document; by their labor, you're reading this.

26) **We will make them hate themselves and their neighbors.** Had a hard time making this one black but these are self-determined.

27) **We will always hide the divine truth from them, that we are all one. This they must never know!** Pure belief; religion appears to be on to the facets abused by these people with a history of pedophilia and exploitation of uneducated populations. Belief is a vector for propaganda and deception; it's also just undisciplined thought and based of the ignorance of the enterprise factors.

28) **They must never know that color is an illusion, they must always think they are not equal. Drop by drop, drop by drop we will advance our goal. We will take over their land, resources and wealth to exercise total control over them. We will deceive them into accepting laws that will steal the little freedom they will have. We will establish a money system that will imprison them forever, keeping them and their children in debt.** So, this happened. It's true, even if by accident. Best understand the accident.

29) **When they shall band together, we shall accuse them of crimes and present a different story to the world for we shall own all the media. We will use our media to control the flow of information and their sentiment in our favor.** This also happened, because of documents like this one demonstrate the method.

30) When they shall rise up against us we will crush them like insects, for they are less than that. They will be helpless to do anything for they will have no weapons. The “pure blood” bias in black, the method in the red.

31) We will recruit some of their own to carry out our plans, Been there...

32) we will promise them eternal life, but eternal life they will never have for they are not of us. The recruits will be called “initiates” and will be indoctrinated to believe false rites of passage to higher realms. Members of these groups will think they are one with us never knowing the truth. Belief required; once someone is in the group, it’s hard to tell them they haven’t arrived. This method moves out in rings, always having another ring until you are an industry leader and know for a fact based on no one having another way to produce that on earth. Then, the ring(s) get rationally smaller but competition may include murder.

33) They must never learn this truth for they will turn against us. For their work they will be rewarded with earthly things and great titles, Useful idiots and desperate people needing jobs.

34) but never will they become immortal and join us, never will they receive the light and travel the stars. They will never reach the higher realms, for the killing of their own kind will prevent passage to the realm of enlightenment. *This they will never know.* Belief in purple; Belief in green mixed with mercy-to-be-shown for those who’d practice this document; *Italics*- This they will read because that’s how the spell works; you don’t write all this down to keep a secret! They must believe in that which is unseen fervently enough to spare us or the spell is broken and game ends, period. Belief is the shield and mercy is the sword in this document, by its functioning.

35) The truth will be hidden in their face, so close they will not be able to focus on it until it’s too late. Oh yes, so grand the illusion of freedom will be, that they will never know they are our slaves. The reading of the look on someone’s face is important to know who’s doing the rendition and who’s not. All the world’s a stage, player.

36) When all is in place, the reality we will have created for them will own them. This reality will be their prison. They will live in self-delusion. When our goal is accomplished a new era of domination will begin. Their minds will be bound by their beliefs; the beliefs we have established from time immemorial. I think this is a neurolinguistic feedback loop. When you don’t know you cannot scale this type of nonsense before it becomes unsustainable, you might “talk yourself into it”. This document is self-delusion because it assumes this will go on in perpetuity, like perpetual motion. Also, this plan could go for generations, as it has. However, ignorance is the vector for the enterprise here. Tic tok...

37) But if they ever find out they are our equal, we shall perish then. THIS THEY MUST NEVER KNOW. If they ever find out that together they can vanquish us, they will take action. This seems to elude that they know that they will need that merciful fire escape and may have used it before.

38) They must never, ever find out what we have done, for if they do, we shall have no place to run, for it will be easy to see who we are once the veil has fallen. Our actions will have revealed who we are and they will hunt us down and no person shall give us shelter. Again with the fear of a lack of mercy; again with the understanding the illusion will die quickly. The evidence will be unmistakable, as a military on the move and they know it in the same way Sun Tzu, Machiavelli, and von Clausewitz would.

39) This is the secret covenant by which we shall live the rest of our present and future lives, WHY WRITE IT DOWN? I SMELL BULLSHIT.

40) for this reality will transcend many generations and life spans. This covenant is sealed by blood, our blood. We, the ones who from heaven to earth came. Oh look, keep them alive to ask the secrets of the universe; I smell bullshit. #37, admitted as equals. They didn't come from anywhere but self-deluded, pineal-gland lubricated insanity.

41) This covenant must NEVER, EVER be known to exist. At this point, this logic is why you don't fuck your French cousin, even if it means a nice place in Normandy. Writing it down is the dumb part, reading it is only dumb when you *believe* it.

42) It must NEVER, EVER be written or spoken of for if it is, the consciousness it will spawn will release the fury of the PRIME CREATOR upon us and we shall be cast to the depths from whence we came and remain there until the end time of infinity itself. Belief required; somewhat self-defeating, as it does incentivize a permanent solution. Refers to a prime creator; just for sci-fi fun, one may assume this is a malevolent space wizard or some primates to use a neurolinguistic weapon that you'd need to be a space wizard to conceive of. The magnetic field of this planet, moving through the nervous system of a primate along with some psychedelics, may be loosely referred to as the 'prime creator'. The consciousness-spawning element that no one knows about and requires belief to have any structure to. Again, get their head in a game where mercy is on the table, by any means. It's intellectually seizing the means of mercy production, unless you're a *believer*. That way non-believers can be burned and the show will go on...
